If yes, state the Certification Body and the product.

Use of subcontractors ☐ YES ☐ NO

If yes, describe the activities and products.

GGN (if applicable)

Declaration

☒ GLOBALG.A.P. and TÜV AUSTRIA HELLAS may use the data for their internal procedures and for the sanctions procedure.

☒ Minimum available data: GGN, registration number, certificate number, standard, version, option, certification body, products and status; clarification regarding the handling or non-handling of production; number of producers; country of production and destination. Management and handling units, together with information on parallel production and harvest exclusion by product, where applicable. The name and address of each certificate-holder business are available to registered industry participants, including GLOBALG.A.P. members.

☒ If the signatory objects to the above, the certification process cannot continue.

☒ No data other than the mandatory data may be disclosed by GLOBALG.A.P. or certification bodies elsewhere without the applicant's prior written consent.

Place / Date

Full name / Position

Signature / Stamp
